

Date: 12th Aug 2019

To whom it may concern:

A Certificate of Quality Conformance for applicable products in the order listed below is included in this document:

Customer Name: ESK India Commerce & Trade Pvt. Ltd.

Customer P.O. #: refer to below PO No.

Rockwell Automation P.O. #: refer to below RA PO No.

Contract Reference #:

Catalog #:

Catalog	Product Description	Quantity	Customer PO	Rockwell PO
1762-L40AWA	MicroLogix 1200 40 Point Controller	1	PO-000005785	6504417503
1747-L553	SLC 5/05 64K Controller	1	PO-000005785	6504417503
2711P-T6C21D8S	PanelView Plus 7 Standard 600	1	ESK2018RAPOKOL3154	6504246248
1756-L71	ControlLogix 2 MB Controller	1	ESK2018RAPOKOL3161	6504261775
1756-OB32	ControlLogix 32 Pt 12/24V DC D/O Module	1	PO-000002632	6504330499
1756-IF16H	ControlLogix 16 Pt A/I HART Module	1	PO-000005785	6504417503
1794-IB32	Flex 32 Point Digital Input Module	1	ESK2018RAPOKOL3161	6504261775
1794-OB32P	Flex 32 Point Digital Output Module	1	ESK2018RAPOKOL3161	6504261775
1794-OE4	Flex 4 Point Analog Output Module	1	ESK2018RAPOKOL3161	6504261775
2711P-T9W21D8S	PanelView Plus 7 Standard 900W	1	PO-000008394	6504488761

Sincerely,

Matt Banning

CERTIFICATE OF QUALITY CONFORMANCE

Rockwell Automation Quality Policy

Quality is our Culture

Rockwell Automation is committed to making our customers more productive. We apply our unique expertise and technology to understand and consistently address their Industrial Automation and Connected Enterprise needs.

We fulfill the requirements of our customers and other interested parties by challenging ourselves, our suppliers, and our partners to continually improve the quality, simplicity, and value of our processes, products, services, and solutions.

Quality Management System Registration

Our quality system is registered to the ISO 9001 standard and our products and services are provided by processes that conform to all applicable clauses of the ISO 9001 standard such as Purchasing, Design, and Manufacturing. Rockwell Automation facilities are audited to these standards by an internationally-recognized registrar. As evidenced by our continuing registration, we continue to meet or exceed all requirements.

Statement of Conformance

Rockwell Automation's well-established policies and procedures ensure the quality and reliability of our products. Products are developed, produced, and delivered under processes controlled by the Quality Management System and meet internal and external standards, specifications published in product literature, and customer requirements per purchase order or contract.

Throughout the manufacturing process, appropriate tests and inspections are performed per applicable standards. Many products are built in batches on automated electronic assembly equipment. Individual units are not necessarily physically observed by Quality personnel at each step, but data on every unit is collected at each stage and that data is monitored and acted upon by Quality personnel to continually improve.

This statement of conformance applies to all genuine Rockwell Automation products sold through and purchased from Rockwell Automation-authorized channels.
